3 Options to Prepare for Retest on Accuplacer

Option 1: Use customized on-line MyMathTest Program
  1. Access codes, which are good for sixteen weeks, are available in the Campus Store for $16 or $12 on-line at www.mymathtest.com.
  2. Register in MyMathTest and take a diagnostic test.
  3. Go to Study Plan to see which objectives you should focus on.

Option 2: Follow these links to practice problems:
  1. Go to www.tctc.edu
  2. Select Admissions
  3. Select Placement Testing
  4. Select Are sample questions available for the Accuplacer test?

Option 3: Go to the Learning Express Library
  1. Go to library website: library.tctc.edu
  2. Either click on the image of Learning Express in the scrolling box at the top
     Or In the "quick links" box on the left, choose "databases a-z." Then, in the list scroll down to Learning Express.
  3. Two ways it can go from here:
     A. If at school: you should be sent directly to the site through the proxy that verifies the library's subscription access.
     B. If at home: you will be prompted to enter your T#. You have to include the "T" and the zeroes.
  4. You are now connected to the site through the library's subscription and have full access to all the resources.
  5. To locate test materials, simply enter the test name (Accuplacer, SAT, ASVAB, Nursing Entrance Exam, so on) in the search box and a drop down box will offer suggestions. Choose the resource you like.
  6. If you create a personal login, Learning Express will keep track of your progress, scores, etc.
