

Tri-County Technical College Student Grievance Form

This form is meant for a student to file a grievance against a college employee about a misapplication of policy, procedure, regulation, or law. This form cannot be used to dispute grades, to notify the College of harassment, or to appeal the outcome of another policy such as a student conduct matter. A student must have been enrolled at the college at the time of the decision or action being grieved and must be the target of the alleged mistreatment. The full student grievance policy is explained in Appendix 6 of the college catalog, available online at the following address:
